

GUIDA ALLE TAGLIE

Trova la misura perfetta del tuo anello

Ti consigliamo di rivolgerti al tuo gioielliere di fiducia per sapere qual è la tua taglia. In alternativa, puoi utilizzare questa guida.

Stampa questa pagina in formato A4 Scala 100% e scopri la misura giusta per te! Appoggia il tuo anello sulla circonferenza e quando il bordo del cerchio corrisponderà perfettamente con il tuo anello, senza vedere spazio bianco tra anello e circonferenza, avrai trovato la tua taglia.

Per verificare che la dimensione di stampa sia corretta, controlla che la scala al lato misuri esattamente 3 cm.
